## SUMMARY

BSIT fresh graduate (April 2027) from Aces Polytechnic College Inc., Panabo City, and main programmer of Farmpreneur, a 2.5D game-based e-learning mobile app, with NC II certifications in Networking, CSS and Animation. Skilled in building Laravel back-end APIs and Firebase databases and connecting them to mobile applications. Eager to join to your company as a Full Stack Developer in Davao City and grow in a fast-paced, hybrid team.

## TECHNICAL SKILLS

- **Back-end:** Laravel (PHP), Python, REST APIs, WebSockets, third-party API integration, version control (Git).
- **Front-end:** HTML, CSS, JavaScript, responsive and cross-browser design, UI/UX and SEO principles.
- **Databases:** Firebase, MySQL / SQL, MongoDB.
- **Mobile:** Unity (C#) 2.5D mobile game development for Android; connecting mobile apps to web services and APIs.

## PROJECT EXPERIENCE

**Farmpreneur (Capstone Project)** **[October 2025] - Present**

Main Programmer, Full Stack Developer & Project Manager | Aces Polytechnic College Inc.

- Developed Farmpreneur, a 2.5D game-based e-learning mobile application for BSAB students, as the main programmer.
- Built back-end web services and REST APIs with Laravel (PHP) and used Firebase as the database for [user accounts, progress and game data].
- Developed the Android game in Unity (C#) and integrated it with the Laravel APIs and Firebase.
- Led a team of five members as Project Manager: planned milestones, assigned tasks and delivered on deadline.

## EDUCATION

**Bachelor of Science in Information Technology (BSIT)** **Expected April 2027**

Aces Polytechnic College Inc., Panabo City

- Thesis/Capstone: Farmpreneur: Development of a 2.5D Game-Based E-Learning Mobile Application for BSAB Students of Aces Polytechnic College Inc.
